

THE FUTURE OF INNOVATION: Perfecting Software Delivery for a Digital Economy

THE FUTURE OF INNOVATION:

Perfecting Software Delivery for a
Digital Economy

January 2021

Authors:

Jennifer Thornton
Senior Research Director & Lead, Accelerated App Delivery Practice, IDC

George Mirchenko
Senior Research Manager, Accelerated Application Delivery & European Cloud Patterns, IDC

An IDC eBook, sponsored by

IDC #EUR147040420

The ability to rapidly develop digital innovation is clearly recognised as a core competitive requirement. Software is central to digital innovation and organisations must become software producers at increasing speed and scale. This ebook is intended to help organisations prepare for digital innovation excellence.
