

5 Reasons Managers Choose OpenTelemetry

5 Reasons Managers Choose OpenTelemetry

How to avoid vendor lock-in

How to avoid vendor lock-in

If you don't want to commit your data to one vendor until death do you part, you're in the right place.

As real-time analytics and AIOps evolve, app developers can avoid vendor lock-in with OpenTelemetry. More than 444 companies currently support and contribute to the advancement of OpenTelemetry, including:

- Splunk
- Google
- Microsoft
- Uber
